► Tackles any kind of dirt

The UGA cable cleaner KR is a halogen-free high-performance cleaning agent. Thanks to its special combination of active ingredients, it dissolves grease, wax, separating layers, oils and other impurities quickly and without residue.

It must be stored at room temperature in sufficiently ventilated rooms and is not subject to the legal authorisation/supervisory obligations.

► Advantages

- Suitable for all cable sheaths
- Tackles stubborn contamination
- Fast, residue-free evaporation
- A III, label X_n in acc. with the Dangerous Substances Directive (GefStoffV)

► Technical data

- Density at 20°C: 0.764 g/cm³
- Almost odourless
- Flash point: > 61°C
- Evaporation: residue-free
- Evaporation number: 60
- Hazardous class: A III (Industrial Safety Regulation - BetrSichV)
- Storage class: 3B
- Fire class: B
- Water hazard class: 1
- Hazardous substance class: X_n
- No hazardous material as per the Hazardous Materials Regulations (GGV)
- Container sizes:
Bottle with 1000 ml

Order no. **KR/1-litre**

We shall supply replacements for all parts that impair functionality due to material defects. No replacements will be provided for defects that are due to transport or storage or are caused by incorrect processing or installation or consequences of such. Our information is based on current technical knowledge. Subject to technical changes. Because of the abundance of possible influences during assembly and use, our information does not exempt processors and users from their own trials and tests.

The corresponding installation instructions apply to all UGA products.
